## VOLUNTEERING OPPORTUNITIES

The Short Term Staff is the "spirit" of a season! They are Scouts and Guides who come to work to Kandersteg for a season of 3 months. A new team of Short Term staff arrives every June, September, December and March. Being a Short Term member of Staff in KISC is a unique experience. As a Short Term Staff, you will have the time of your life; growing, learning and having fun. Applications open 4-5 months prior to start of Season

The Long Term Staff are the link between the seasons and the different Short Term Staff teams. Many of them started by working here as Short Term Staff and chose to return to work for a longer time. Some work here for 4 months, some for 9 months to 12 months. All Long Term Staff are doing specific jobs in different work areas like Reception, Programme, Catering, Administration & Finance, Maintenance etc. In summer, there are about 35 Long Term Staff, and during the rest of the year, we have about 25.

## SENIOR LEADERSHIP TEAM

Of course, there has to be somebody in charge! We have a Director who is employed by the KISC Association to run the Centre strategically. The Director is supported by the Senior Leadership Team, who are working here for 2 to 3 years. The Senior Leadership Team consists of a Guest Services Director, Internal Services Director, Programme Director and Staff Development Director.

# ROVERWAY 2024

## NORWAY

In the summer of 2024, guides and scouts between 16 and 22 years old have the opportunity to join us for an exciting jamboree. The participants will get to know many other cultures through thousands of other rovers and rangers from Europe. Lots of fun, shared experiences, knowledge, and ideas are important keywords. The paths will end with the main jamboree in the Stavanger area.

During the first days of Roverway 2024, the rovers will have the opportunity to explore a path with other rovers from several different countries. The participants can choose from a number of different paths around Norway. The paths will have different themes, and all will get the chance to explore Norwegian nature and culture. After five days along the various routes, everyone gathers for a joint jamboree near Stavanger.

Roverway is one of the most popular guide and scout events in Europe with approximately 5000 participants and has previously been held in Finland, Iceland, Italy, Portugal, France, and the Netherlands.

Roverway is made by rovers for rovers! Roverway 2024 will take place in Norway from July 22nd to August 1st, 2024. The theme for the jamboree is "North of the Ordinary". Welcome to Norway!

Ireland is sending a contingent to Roverway 2024 and contact details for more information listed below.

# WOIDLA 2024

## LOWER AUSTRIA

The International Camp 2024 of the Lower Austrian Scouts is co-organized by young people and is based on the premise of "sustainability". In every phase of the camp, we focus on using our resources efficiently.

Woid is not only part of our camp name, it is the Lower Austrian dialect word for forest.

Sustainability will not be a buzzword or checking off checklists at this camp. We want to strive in every area to find and implement the best solution within the scope of possibilities, so that we are in harmony with our resources and it will be a great camp.

No decision should be made because something has "always been done this way". We think in new ways, find exciting solutions and thus make the national camp something special.

25/7/25 - 3/8/25

The World Scout Moot is an international gathering of over 5,000 Scouts aged 18 to 25 year old from around the world. Every four years, the Moot takes place in a different host country. The first Moot took place in 1931 in Switzerland, and most recently was hosted by Iceland in 2017

# 17TH WORLD SCOUT MOOT

Participant experience at a Moot is split into two halves, the first being a 'Trail' in a patrol made up of Scouts from different nationalities. The second half is a on-site Jamboree-style basecamp along with over 5,000 other participants.

# TABORNIKI ZLET

## SLOVENIA 2026

Zlet is a nationwide camping event that the campers organize every four years. In addition to the fact that this is a unique event where around 1,000 campers from all over Slovenia gather, we tell you that we are preparing a rich program that will be co-created by more than a hundred people, campers and members of various organizations.

Young people between the ages of 14 and 18 can register for the rally as participants (700 of them will gather in total). Volunteer staff are also present at the flight, who take care of the entire planning and implementation - this can be all campers over the age of 18 (we assume that it will be 300 people).

# 26TH WORLD SCOUT JAMBOREE 2027

## POLAND

The city of Gdańsk is our proposed World Scout Jamboree Host City.

The city lies in Poland, in Central Europe. It is located in the northern region of Poland, with access to the unique seaside area. A World Scout Jamboree is for Scouts aged from 14-18 at time of the event.

Poland lies in Central Eastern Europe. Our campsite is located in the northern region of Poland, with access to the unique seaside area. You can come to proposed host city Gdańsk by plane, train, bus and even ferry. We plan on setting three entry points in Gdańsk at – the Lech Wałęsa's Airport, Gdańsk's Main Railway Station, the Amber Expo Check-In Centre and the ferry terminal in Gdynia. From these entry points participants will be transported to the check in centre and then to the Jamboree site.

It's only two hours away from the capital city – Warsaw. It is well connected to European transport hubs.

We've based our theme on three pillars

The first one – You aims to underline that being true to yourself is brave. The second one – You and other people aims to underline that respecting diversity is brave. And finally – You and the world to underline that fighting for our planet is brave.

# INTERNATIONAL SCOUTING

The World Organization of the Scout Movement (WOSM) is a confederation of more than 170 National Scout Organizations with over 50 million members worldwide. It was formed to encourage the expansion and development of Lord Baden-Powell's dream throughout the world by promoting unity and the understanding of Scouting's purpose and principles.

Three main bodies make up WOSM: the World Scout Conference, the World Scout Committee, and the World Scout Bureau. In addition to the three main divisions, six regional conferences and committees of the WOSM meet regularly to implement decisions and policies locally. These regions include Africa, Arab, Asia-Pacific, Eurasia, Europe, and Interamerica.

World Scout Jamborees and World Scout Moots are official international Scout events of WOSM. These events help develop greater understanding, tolerance, and cooperation among Scouts from around the world. As Baden-Powell said, it allows Scouts "to assume new responsibility for promoting peace and goodwill."

International Scouting is an exciting prospect for all troops but it requires a lot of planning. Please get in touch to ensure your Scouters have the requisite training completed to travel abroad. Our International team are here to help you get there.
