

Join Scouting Ireland's GDPR Project Team

The Operations Department seeks dedicated, qualified individuals to join our GDPR Project Team. This team will be crucial in supporting Scouters across the organisation in handling GDPR-related matters and ensuring compliance with data protection regulations.

As a member of the GDPR Project Team, you will:

- Provide guidance and support to Scouters on GDPR compliance.
- Assist in developing best practices and resources to protect personal data.
- Advise and support the Data Protection Officer in formulating and updating data protection policies.
- Help foster a culture of privacy and security within Scouting Ireland.

We seek individuals with qualifications or expertise in GDPR, data protection, or related fields. Your knowledge and experience will be invaluable in helping us maintain the highest data protection standards.

Thank you for your continued support in making Scouting Ireland a safe and compliant environment for all.

If you want to contribute to this important initiative, please complete the attached form [Link to Form](#)
