### **Pre Course Learning – Please ensure the following is completed prior to the course.**

As discussed during the Safeguarding Session on Being A Scouter you need to bring a copy of your Section's Code of Behaviour to the Scouting Together Course. If this is not in place you should discuss drafting one for use within your Section with your fellow Scouters and youth members. The draft should be brought to the course. Please refer to Scouting Ireland's Code of Good Practice.

### **Please note the following points in relation to this course:**

- This is a two day programme of training and certification will only be provided in respect of attendance for the entire course which includes the overnight element on Saturday night.
- Registration is at 9am Sharp and the programme begins shortly thereafter. Late arrival may preclude you from course certification.
- All your course meals will be provided. Please advise the Course Leader in advance (by text message or email), of any dietary requirements you may have.
- Accommodation for Friday night may be facilitated, you need to contact the Course Leader if you require this.
- Religious Services, due to timing constraints it may not be possible to facilitate attendance at religious services, however Course staff will be able to advise on local services times. A Scouts Own will be held over the weekend which offers a time for spiritual group and self-reflection.
